TESTIMONIAL

“We have utilized Staffing Solutions Enterprises for several recruitment marketing campaigns and have been impressed with their work! Blake and the team there has been very responsive to our needs throughout the process, modifying the campaign on a monthly basis based on our feedback.

They delivered multiple high-quality, pre-screened candidates on a weekly basis that has contributed to our growth from 20 employees to over 100 employees in 2020. I’m happy to continue our relationship with Blake and his team, and highly recommend him and the recruitment marketing campaigns to any business.”

- Ian Derby, Vice President Strategic Initiatives at Homecision
